

HAZARD WARNINGS

COMPOSTED POULTRY MANURE MATERIAL SAFETY DATA SHEET.

This product is made from organic materials, including composted straw or wood shavings and contains living microorganisms, including bacteria, fungi and protozoa. May also contain mineral and fertilizer additives.

RISK	Inhalation of dust and/or liquid mists may irritate, inflame or sensitize the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's Disease) or pneumonia like illnesses. Direct contact with this material or its dust may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.
SAFETY	Avoid contact with eyes and skin. Avoid breathing dust. Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust, wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and 1716). Wash exposed skin area thoroughly after handling.
STORAGE	Organic materials may cause offensive odors, Consider neighbors and wind direction when positioning heaps or loads.
FIRST AID	Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.
DISPOSAL	Follow above safety precautions. Composted poultry manure can be stored in piles or heaps for later use quite safely, but consideration should be given to possible odors.
MANUFACTURER	Nuleaf Organics Pty Ltd has composted this product to A.S. 4454 best practice. No responsibility for non performance or illness can be accepted if not used in accordance with our recommendations or above instructions.
